

An Operator's Average Annual Loss in Roaming

\$7.5M in missed detection and monetization of inbound IoT devices

\$1.5M

In commitment penalties

Or unnecessary costs due to wrong steering policies

\$2M

In disputes and inefficient cash flow

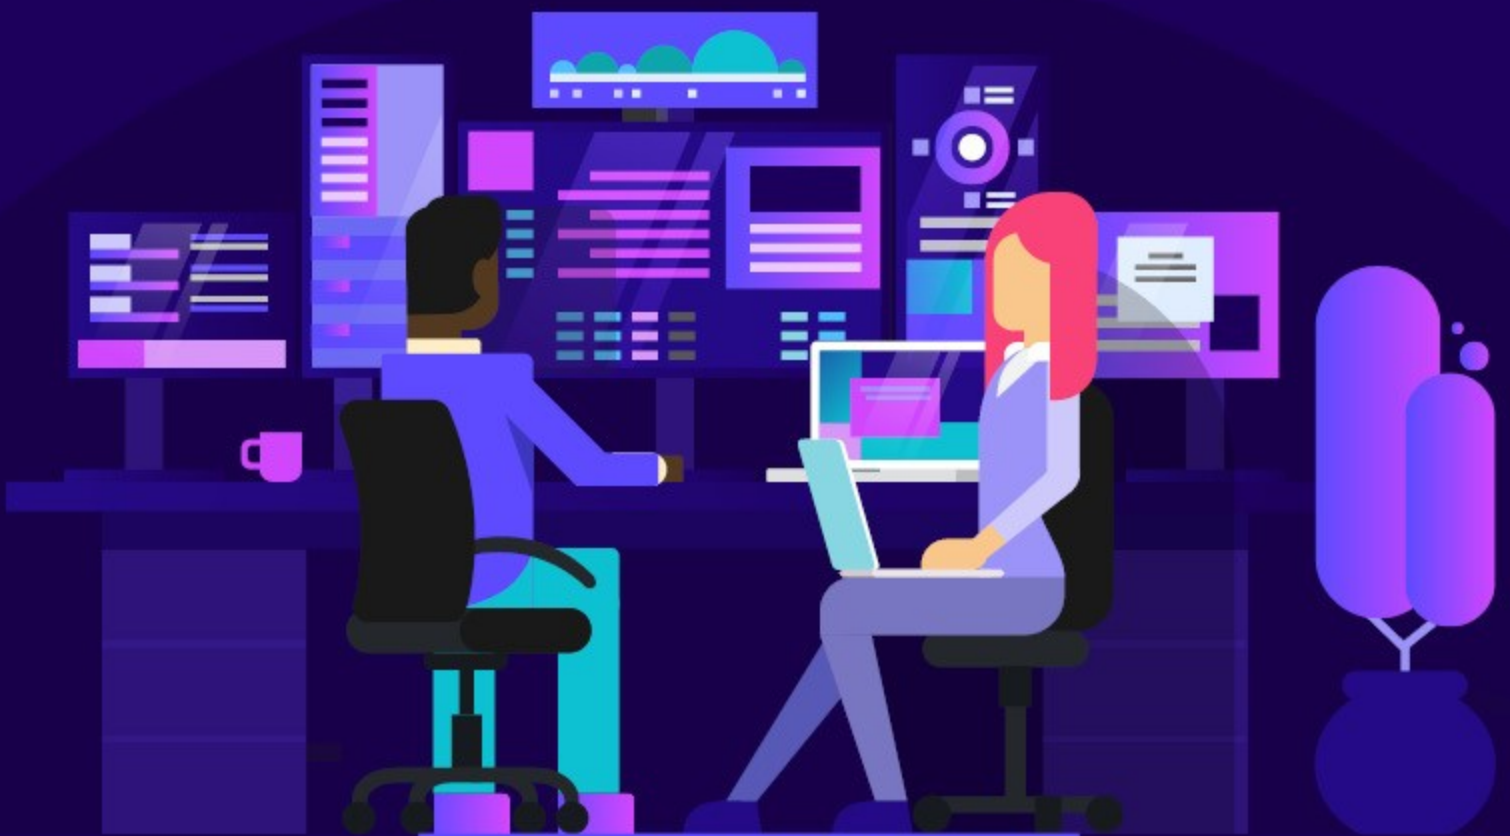

Due to misaligned agreements

\$800K

In misaligned configurations

And lack of end-to-end visibility

The TOMIA Platform

Stop losing revenue with TOMIA's integrated wholesale services.
From negotiation through execution to settlement.
